Sprint 4 Report

Product Name: MoCode

Team Name: MoCoders

Date: March 12, 2024

Actions to stop doing

As a team, we feel that we should *stop*:
- We need to stop doing our tasks at the last minute.

Actions to start doing

Similarly, after this Sprint we feel that we need to *start*:
- Reviewing our code more regularly to keep it in line with our style guide and documentation.

Actions to keep doing

So far we feel like the following actions have been working:
- Being flexible on when to meet/last-minute workshops
  - Especially recently we have become very busy with other classes

Work Completed

List of User Stories we have completed in Sprint 3:

User Story	What it means	What we did
[4.1] As a user, I want an app that has diverse accessibility features that allow me to swiftly navigate the app. (5 pts) [8 hours]	Make the webpage responsive and streamline the UI to make it easy to know where each of the parts are.	The webpage is more responsive and works on more diverse screen sizes The UI has been cleaned up

[4.2] As a user, I would like to see my progress and statistics to check improvement over time. (8 pts) [8 hours]	Work on showing the time spent doing problems on the calendar.	We implemented a calendar that tracks how frequently users do problems
[4.3] As a beta tester, I want some sort of documentation so I can explore this new platform. (3 pts) [5 hours]	Complete the documentation and create the set of deliverables needed for a release	We created documentation that will be included in the release

Work Not Completed

List of User Stories we have not completed in Sprint 1:

User Story	What it means	What we didn't do
[4.1] As a user, I want an app that has diverse accessibility features that allow me to swiftly navigate the app. (5 pts) [8 hours]	Make the webpage responsive and streamline the UI to make it easy to know where each of the parts are.	The webpage is not fully responsive on all screen sizes
